General Instructions To Regulate Smoking in the Shopping Malls/Centers

- "No Smoking" Signs must be clearly posted on all Public Entrances or on positions clearly visible on the entries to the mall.
- All smoking ashtrays must be removed from all "No Smoking" areas inside the mall.
- Ashtrays may be provided at a distance of approx. 6 m. away from the entrances of malls.
- All Smoking Designated areas must be approved by the Clinic & Community Health Section.
- Security guards must be available at the entrances of the mall to draw the attention of the public on the issue of Regulating smoking.
- Information desks are required to make the following announcement regularly: "To protect the public health, smoking is now prohibited in this shopping mall, Thank you for your cooperation".
- Any dispute with smokers should be referred to police / DM Inspectors.
- Mall managements are urged to comply with the above mentioned regulations.

Your cooperation is highly appreciated.
