بلدية دبي
DUBAI MUNICIPALITY

As part of the Dubai Central Laboratory Department's efforts to spread the culture of rationalized use of resources, the Quality and Support Unit in the Department organized awareness and guidance lecture on Wednesday titled "Change your habits," which was delivered by Murad Ahmed Ali Al Sahbani from Dubai Electricity and Water Authority (DEWA).

The lecture dealt with the importance of water and electricity in public life and ways of rationalized consumption. It also urged to activate the role and contributions of individuals in preserving the resources.

The lecture was attended by a number of heads of organizational units and employees of the Department.
