**SUBJECT: PERMANENT WITHDRAWAL OF DCL CERTIFICATION**

Dear Engr. Ahmed,

This has reference to the proposal we sent to you dated 15 October 2018, regarding the renewal of your DCL Certification CL17020507 for Spray Applied PUR.

Please be informed that 45 days grace period to renew your certificate from its expiration date (October 16, 2018) had already lapsed and despite of our constant reminder, you failed to pay the renewal fee.

In view of this, we regret to inform you that your DCL Certification will be permanently withdrawn and accordingly your company name will be removed from the list of certified products.

Kindly be advised to discontinue the use of DCL Conformity Mark in any of your transactions and in your company stationeries. Likewise please ensure that any reference to your DCL certification in any document or correspondence must be removed or stopped.

Nevertheless, we appreciate your participation and cooperation in this certification scheme and should you require our certification services again in the near future, you are always most welcome to visit or contact us anytime.

Best regards.
