

Ramadan Forum for DCL Staff

Dubai Central Laboratory Department of Dubai Municipality organized Ramadan Forum with an Iftar at Al Boom Restaurant as part of the care given to employees of the department, especially in the month of Ramadan. The move also reiterates the importance of communication between staff at all administrative levels, and a bid by the department and its commitment to find social and recreational activities for its employees and contribute to alleviating the pressures of work and increase mutual understanding and interdependence among them. The Iftar was attended by Abdullah Rafia, Assistant Director General for General Support Services Sector and Eng. Hawa Bastaki, Director of Dubai Central Laboratory Department and a number of officials and heads of sections and units.

The Ramadan Forum had a good effect in the realization of communication between the employees and breaking the barriers and obstacles that they are facing and overcoming obstacles in their path and guaranteed them to work under the umbrella of one family and that was to ensure a working environment suitable to support creativity and promoting innovations and supporting initiatives, in accordance with the directives and frameworks and the vision of the Municipality.

The activities Included honouring the young fasting people (children of DCL staff) and those who fast for the first time, the Ramadan Cultural Lantern, a competition between sections to test the cultural knowledge of staff, as well as the Ramadan Contest and of FAQ from the beginning of the month of Ramadan for 10 days and honouring three staff members who answered the right questions, and also honouring the sponsors Al Boom, Al Safa and Al Raya campaign.
