

Appendix (7.2.1.1)

Requirements for Registration and Renewing Registration in the Ready-Mixed Concrete Factories and On-Site Mixing Units Register:

1.1.1 The electronic form (registration application form) shall be filled out, and the following documents shall be attached:

- A copy of a license issued by the Department of Economic Development for the latest renewal.
- A copy of a valid residency permit for engineers working in the factory, according to Table No (1).
- A copy of the authenticated academic certificates for each new engineer not registered in the register.
- A copy of a valid Environment and Safety Permit/Environmental No-Objection Certificate issued by the Environment Department.
- A copy of the factory's general site plan according to the last update.

1.1.2 In addition to the above, a copy of a valid conformity certificate issued by Dubai Central Laboratory for the latest renewal shall be submitted.

Table No. (1)

The Minimum Number of Technical Personnel that Must Be Approved

Description	Technical Section		Supervision
	Materials Section	Laboratory	
Ready-Mixed Concrete Factory	Civil engineer specializing in materials or having 10 years of practical experience in the field of materials	Civil engineer with 3 years of experience or technician holding a diploma in construction laboratory with 5 years of experience	Civil engineer and site supervisor with 5 years of experience

<p>Mixing Unit on a Construction Site (Affiliated to a Concrete Factory)</p>	<p>Affiliated to the parent concrete factory</p>	<p>Affiliated to the parent concrete factory</p>	<p>Civil engineer specializing in materials with 3 years of experience or a technician with a diploma in civil engineering specializing in materials with 5 years of experience.</p>
<p>Mixing Unit of a Prefabricated (Precast) Structural Elements Factory</p>	<p>Civil engineer specializing in materials or having 10 years of practical experience in the field of materials</p>	<p>Civil engineer with 3 years of experience or construction laboratory technician with 5 years of experience</p>	<p>---</p>
