

**Circular No. (12-9-1) of 2021**

**Dated 23/08/2021**

**On/ Movement of Workers Outside Construction Sites**

**Messrs. Engineering consulting offices and contracting companies,**

**Greetings,**

- All engineering consulting offices and construction companies shall cooperate with Dubai Municipality. They shall not allow workers to move outside the project site in order to preserve health and safety, as required by the public interest and in order to ensure the health and safety of society, especially in light of the current health conditions (Corona Virus pandemic) that require concerted efforts and commitment to all necessary precautionary procedures and measures approved by the competent official authorities to ensure the safety of everyone.
- The following categories related to the construction sector shall be exempted from the movement restrictions to ensure the completion of vital projects in the Emirate of Dubai and ensure their continuity, taking into account full compliance with the preventive procedures and measures necessary to maintain health and safety:
  - All subcontractors, regardless of their activities
  - Suppliers of various building materials
  - Ready-mix concrete factories or precast structures factories
  - Brick factories
  - Aluminum, iron, and metal structures factories and workshops
  - Carpentry factories and workshops

- All factories and workshops that supply materials to construction projects...etc
- Consultants and main contractors of projects

It should be noted that inspection and oversight operations shall be intensified to ensure compliance with the above requirements.
